FOX RAGE PREDATOR®

WELCOME

WELCOME

TO THE 2019 FOX RAGE PREDATOR CATALOGUE

For those in the know, targeting big predators on bait is as good as fishing gets. The thrill of a float slowly sliding away, a drop-off indicator falling against your rear rod rest or an alarm piercing the silence of a frosty winter's morning is what drives us all to keep going back in search of more and bigger specimens. It's a passion we know well, and the reason why we have developed a range of intelligent, high-quality products to help in your pursuit.

Covering rods and luggage, through to floats, hooks, trace making items and bite indication, the Fox Rage Predator range gives you the tackle to be confident in your fishing. Designed specifically for the angler hunting predators on bait tactics, in this catalogue you will find everything you need to help you achieve your fishing dreams.
